

## Reports / Motor Vehicle Accidents

If you are named on the report, you may get a copy of it at no charge. You must provide photo ID when you come in to pick it up. We do not fax or e-mail reports. We can mail a copy of the report to you at the address listed on the report, if requested.

For Motor Vehicle Accidents (MVA's) the officer will give you a Driver's Exchange Slip that notes all driver(s) information and all vehicle(s) information - including the insurance DMV code. This information can be given to your insurance company to expedite insurance claims.

Most reports take 3 – 5 days to be completed and approved. Please call (585) 617-6131 to check the status of the report you are looking for.

If you are not named in the report then you must request it through the Freedom of Information Law. The application can be found on the Town Clerk's website or you can call (585) 617-6111 to reach her office.
